MONETARY DIVERSITY GATHERING

**3 DAYS TO RETHINK MONETARY SYSTEMS
& REGIONAL ECONOMIC DEVELOPMENT**

As Europe faces growing economic, social and ecological challenges, MDG2 brings together practitioners, researchers, public authorities, technologists and civil society actors working on monetary innovation and territorial resilience.

More than a conference, **MDG2 is a working gathering designed to connect ideas, projects and people** who are actively building the *future of money*.

WHY PEOPLE ATTEND?

Monetary systems influence local economies, public policies, business sustainability, social inclusion and ecological transition. Yet they often remain invisible.

MDG2 provides a space to:

- **Discover** innovative monetary tools
- **Learn** from real-world implementations
- **Connect** with leading practitioners and researchers
- **Build** partnerships across Europe
